WHY WATSON?

TO BE THE BEST YOU MUST WORK WITH THE BEST

Our products come with a lifetime guarantee and we will be alongside you every step of the way.

QUALITY

The best, by the best. Since the start, our focus has been on manufacturing and supplying heavy duty machines, bars and accessories that feel amazing to use and are virtually indestructible. Quality is put above all else. As we've grown since starting in 1998, this has become our trademark. The fact that the top trainers and athletes all over the world choose us is the perfect testament to our claims.

INNOVATION

We're proud in the knowledge we have successfully brought various new products to the market. Many of our innovations in the forms of Bars, Benches, Machines and Dumbbells can be seen in gyms all over the World.

CUSTOMER CARE

We guarantee to be there if you ever need us. Our friendly, respectful, and dedicated customer care team is on hand and ready to help you with any issues you might encounter, with the highest level of support.

BRITISH MADE

Proudly British with traditional values. All our products are manufactured in our factories in Frome, England using British steel. We design and manufacture every component in house which not only ensures the highest standards, it also gives us complete control and reduces costs. This ensures you get incredible value and short lead times even on very large orders.

IRRESISTIBLE

We manufacture products, that offer huge benefits and value to our customers, that can't be found anywhere else.

DESIGN

We have great relationships with some the World's highest regarded coaches, trainers and athletes. We make full use of this by listening to what they say regarding functionality and biomechanics of products.

A WORD FROM SIMON WATSON, THE FOUNDER OF WATSON GYM EQUIPMENT ...

"Since a young age there were two activities I remember being very passionate about; building things and weight training. So in 1998, from a tiny garage and with no big plans, I started doing something that I loved, building Gym Equipment.

That same passion is still with me now, only in a more focused and structured form, along with a relentless obsession for Watson Gym Equipment to lead the world in the innovation and manufacture of specialist strength equipment.

In 2021 Watson Gym Equipment were honoured with the Queen's Award for Enterprise in the category of International Trade.

This is something we are immensely proud of and want to thank all of our team and customers who have supported us every step of the way.

1998

- We start making benches from a tiny garage in Chippenham, UK.

2001

- Moved in to "proper" industrial unit in Westbury and employed a welder.

2003

- We opened a small commercial gym next to our manufacturing unit.

2008

- Bought a 2500 sq ft unit in Frome.

2009

- Started developing the Watson Pro Dumbbells.

2017

- Completed new HQ build.
- Purchased mazak laser.
- Reserved another plot of land.
- Opened the Watson Gym.

2019

- Mazak laser installed
- Total re-design of all our machines.

2020

- Opened Watson steel processing facility.
- Began building 3rd Watson factory.
- Launched Watson Pro Olympic Weight Plates.

2021

- Launched 3rd factory joined together with Watson Bridge.
- Purchased additional land for further expansion.
- Won the Queens Award for Enterprise in the category of International Trade.

THE HISTORY OF

WATSON.

2010

- Consolidation of product range and the launch Animal range.

2011

- Invested in our first CNC machines to produce our Dumbbells and other components.

2012

- Bought additional units to separate manufacturing from assembly/offices.

2014

- Launched Animal Leg Press.
- Westside Barbell partnership.
- New recessed Dumbbell design.

2016

- Bought land to build new bespoke manufacturing facility.

2022

- Huge investment in new machining equipment to improve value for customers and make lead times faster.
- 10 new products launched including additional dual stack range.
- New weight stack system with stainless steel weight stack badges.

2023

- Set up Watson Gym Australia.
- Exhibited at FIBO for the first time.
- Second robot weld cell to further increase capacity.

2024

- Launched a brand new distributor network to make it quicker, more cost effective and easier to order all around the world.

Plans for 2025

- Purchased new facility for further expansion.
- Exhibited at HFA for the first time.
- Developed of a brand new line of equipment.

WHAT OUR CUSTOMERS SAY ABOUT US...

ULISSES

"Shout-out to Watson Gym Equipment for all their quality pieces. My Sissy Squat is one of my favourite. I use it for all my leg finishes and a lot of core exercises too."

DAVID BAUTISTA

"We have these dumbbells from the UK from a company called Watson they designed them with this Drax logo for me which are really special!"

CHARLES POLIQUIN

"I first met Charles in 2008 when he helped me design our now world famous Watson Dumbbells. Charles is regarded as Greatest and most successful Strength Coach of all time. To me he was an incredible mentor and friend who's support, advice and huge knowledge really helped me grow the Watson Brand."

JLO

"I absolutely LOVE the look and feel of my Watson equipment!"

BEN PAKULSKI

"Watson has by far the most innovative and well designed line of training bars anywhere in the world. The designs are outstanding for maximising muscular development, as well as adding strategic variety to your training regiment."

BEN PATRICK
(Kneesovertoesguy)

"Even after all these years, my Watson stuff is like brand new! Now my studio is world class, you did a perfect job!"

We are rated 4.9 on Google

LOUIE SIMMONS

"Equipment quality, strength, durability and performance – requirements [for which] we have researched and determined that Watson Gym Equipment will exceed our expectations."

THE WATSON SERVICE

With Watson you know you're getting a quality product with the capabilities to keep up as you up the weights, up the reps and up your strength. When you order with us we can tailor your setup to be exactly how you imagined it, from the initial floor plans, to stitch colours, to product training for you and your team, if needed.

CARE

We can advise you on the best way to get the most out of your equipment for years to come. Our care and service schedule is designed to extend the life of your kit and keep everything running smoothly.

SUPPORT

Our experienced team is here to help support you in planning your facility, offering expert advice on the best use of space, zoning and flow for your gym.

WARRANTIES

Our equipment comes with comprehensive warranties will give you piece of mind that you're covered should anything happen to your equipment. We take great pride in looking after our customers, every step of the way.

INSTALLATION

We have a specialised UK installation team, as well as a network of international companies to help you get your kit to where it needs to be, with care and precision.

TRAINING

To ensure you're getting the most out of your kit, training is offered to gyms if needed. We want everyone to get the most out of our kit and be able to use it safely, capably and confidently.

FINANCE

If you're considering financing options, just speak with our sales team. They'll work with you to find the best solution, making the process of purchasing gym equipment as straightforward as possible.

QUESTIONS

Our After-Sales team is always at the end of the phone, or email, ready to assist with any questions or support you may need after installation.

Introducing our

ANIMAL & ORIGINAL

Product ranges

Since the beginning, Watson Gym Equipment carved its own niche designing and manufacturing heavy duty, simple to use machines with great biomechanics, yet elegantly designed. This has always been, and will be always be, at the core of our Watson Original line.

In 2008 we had a customer, the owner of Spartan Performance UK, who wanted some of our Power Rack Cages. He didn't just want our standard Power Rack Cages. He wanted them 'beefed up' with thicker steel and 'add on's' like band pegs (rarely seen back then), thick and thin chinning bars plus super close hole spacing. Changes that would turn a great product into the perfect product. We called these our Animal Cages and they were instantly a hit.

Since then, we have taken many other Watson Original products and given them the 'Animal' treatment. Products from the Watson Animal range represent the pinnacle of design and biomechanics. Our product line has consistently expanded over the years. With increased adjustability, greater weight capacity, additional ISO lateral movements, and an overall commitment to excellence.

All backed by our rock-solid Watson lifetime guarantee.

ROAR

ROAR - DUBAI

PLATE LOADED

OUR PLATE LOADED STRENGTH MACHINES REDEFINE THE STANDARDS OF PERFORMANCE, PROVIDING A DYNAMIC AND VERSATILE PLATFORM FOR USERS OF ALL FITNESS LEVELS. EACH MACHINE IS A TESTAMENT TO PRECISION ENGINEERING, FEATURING TOP-GRADE MATERIALS AND CUTTING-EDGE TECHNOLOGY TO ENSURE DURABILITY AND SMOOTH, FLUID MOVEMENTS.

DUMBBELLS

THE WORLDS LEADING DUMBBELLS

COMPACT – UNBREAKABLE – CUSTOMISABLE

UNBREAKABLE DESIGN

The fact is most dumbbells don't last very long in a busy gym. They either work their way loose and become wobbly, have chunks of rubber break off them or end up with handles that are bent. We know that dumbbells will be dropped and abused, so we designed them to cope with it.

Our dumbbells are indestructible. CNC machined from solid stainless steel rather than cast makes them many times stronger, perfectly accurate and far more compact than any other dumbbell available. Because our dumbbells are stainless steel there is no zinc, nickel or chrome finish to chip, flake or peel.

THE WATSON DUMBBELL HANDLE

We allow our customers to choose a grip diameter that will be just right for their clients' needs. Our custom designed knurling pattern and carefully chosen knurling depth strike the perfect balance between a grip that feels solid and a grip that feels comfortable.

REVOLVING HANDLES

The benefits of training with thick handles are now well known. We take things even further and our 50mm diameter handles revolve on super smooth, twin roller bearings. When performing any type of rotational exercise (bicep curls for example) the revolving handles prevent the inertia forces of the dumbbell putting load on your wrists and elbows, the cause of many injuries.

Our dumbbells effectively 'disconnect' your joints from the rotational forces of the weight.

CUSTOMISED ENDPLATES

Our specialist team of designers and AutoCad engineers transform your company's branding into a unique endplate design schematic. Using a custom computer-controlled, laser-cutting and etching process, we can take this schematic and create the most eye-catching branded dumbbells you've ever seen!

KETTLEBELLS

THE BEST-LOOKING KETTLEBELLS!

WORLD FAMOUS

For the past 2 years, we've been manufacturing our Pro Kettlebells. Manufactured in a similar way as our world-famous Pro Dumbbells with solid stainless steel billets, which can be branded with your custom logo or our Watson logo.

FRESH DESIGN

Are you tired of seeing black cast iron kettlebells? Or colourful plastic kettlebells which don't match your high-end facility, which you've put so much time, energy and money into making look the way you want. We have a solution.

CUSTOMISED

Whether these go in a commercial gym facility, hotel, personal training studio or home gym, you'll be sure these catch the eyes of all. Solid stainless steel billets which do not corrode or discolour as they age.

Customisable end plates can be made to suit your branding, matching our watching pro dumbbells or pro barbells.

NOT ONLY ARE THESE GREAT TO LOOK AT...

The pro-Kettlebells are Compact! Comfortable to use! Calibrated!

With a choice of any weight between 6kg - 30kg, you can pick the weight which is right for you or your facility.

REVOLVING HANDLES

The revolving handle on a kettlebell gives a truly unique feel. The fatter handle gives greater muscle fibre recruitment allowing much more opportunity for strength development. The centre of mass is a lot lower than a regular dumbbell, it changes the strength curve.

Sold in Pairs!

If you just require single Kettlebells, then we can accommodate this.

AVAILABLE OPTIONS:

Weight to go up by:

- 1kg
- 2kg
- 3kg

- 1 lbs
- 2 lbs
- 3 lbs

Logo on the endplate:

- Your logo
- Watson logo

Weight range:

- 7 kg - 30 kg
- 15.5 lbs - 66 lbs

Handle Grip width and type:

- 35mm Fixed
- 50mm Revolving

BARBELLS

WORLD'S BEST BARBELL SYSTEM: 8 BARBELLS ON A CUSTOM REVOLVING RACK

NOT ONLY DO WE MAKE THE BEST DUMBBELLS! WE NOW ALSO MAKE THE BEST BARBELLS IN THE WORLD!

CALIBRATED

100% accurate. You will be lifting exactly what they say, just like our Pro Dumbbells. Perfect knurling for the ultimate feel! Never let your grip slip again.

CUSTOMISED

Other custom sets are available to suit your requirements - ask us for details. Just like our Pro Dumbbells, every barbell can be customized with your gym's logo allowing you to stand out from your competition.

SUITABLE FOR ALL

30mm thick bars, which are perfect for both men and women. Machined from solid Stainless Steel using the same Mazak Lathes that machine our Pro Dumbbells. Your choice of bar type: Straight or EZ

LIFETIME GUARANTEE! IF YOU BREAK THEM (YOU WON'T), WE'LL FIX THEM.

 - Choice of either rotating or fixed free rack
-
- 10 kg - 27.5 kg in 2.5-kilo increments (8 barbells)
 - 10 kg - 45 kg in 5-kilo increments (8 barbells)

OLYMPIC WEIGHT PLATES

DURABILITY

We knew that Olympic Weight Plates that simply look incredible were just never going to be enough for our customers or us when we first looked at introducing these onto the Market.

We knew that to sit alongside our world famous Watson Pro Dumbbells; these new Weight Plates would have to be incredibly accurate in finish and weight; Thinner than any other plate; be customisable with YOUR Logo; Look amazing not just now but in 10/20/30 years' time.

UNBREAKABLE DESIGN

It's easy (and relatively cheap) to machine weight plates from Mild Steel; get them Zinc or Nickel plated, and they will look fine when they arrive with their new owner.

BUT, given a year or so of use, they will lose their shine and the coating will erode, chip or peel away.

That is why we decided (helped by 15 years of experience manufacturing dumbbells) that the ONLY material to use would be Stainless Steel. No coating, just pure Stainless steel.

Anything else just wouldn't be right, like plastic vent controls on a Bentley, the wrong way to cut costs.

HOW DO WE MANAGE TO PRODUCE THESE WEIGHT PLATES AT A COST THAT MOST MANUFACTURERS COULDN'T EVEN BUY THE RAW STAINLESS MATERIAL FOR?

Firstly we buy a LOT of Stainless. Currently, over 80,000kg each month. These quantities mean we buy directly from the Mill at the very best prices.

Secondly, we have once again invested heavily into the latest and most efficient CNC Machining Centre that is set up purely to machine these new Weight Plates. We don't subcontract anything out, and we control everything at every stage.

The result is what we believe are the finest Olympic Weight Plates available. We hope you like them.

WEIGHT STACK GUARDS

Guards are a great opportunity for adding brand awareness and will give your equipment that extra aesthetic touch. They can come personalised with your logo or as standard with the Watson logo with further option to have outer guarding or both inner and outer guarding.

As well as all this, it provides an additional safety feature for certain facilities.

UPHOLSTERY

YOUR CREATIVITY AND IMAGINATION IS THE ONLY LIMIT

Do all benches have to be black? No way! Sure, if you want your bench black, let's make it for you, but how about adding your logo to it? Or what about the quilted look? Looking for something more eye catching? Vary the colours of the surfaces and the stitching for a really unique finish.

VINYL

REAL LEATHER (additional charges apply)

STITCHING & EMBROIDERY

Our stitching options come in a variety of colours and options - including 2-tone stitches.

Using your logo, the upholstery can be printed or embroidered to match your specific colours, helping to further reinforce your branding in your gym environment.

Want to stand out from the crowd? Order our premium Bentley, Lambo or Aston stitching.
